OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE
WASHINGTON, DC 20511

June 8, 2011

The Honorable Dianne Feinstein
Chairman
Select Committee on Intelligence
United States Senate
Washington, D.C. 20510

The Honorable Saxby Chambliss
Vice Chairman
Select Committee on Intelligence
United States Senate
Washington, D.C. 20510

Dear Chairman Feinstein and Vice Chairman Chambliss:

The Intelligence Community (IC) is pleased to provide you with additions to the Administration's proposed fiscal year (FY) 2012 Intelligence Authorization Act (IAA) which we initially provided to the Committee on May 17, 2011 for your consideration. As we mentioned in our letter of May 17 a few provisions were under review with OMB that we would be forwarding to your Committee as soon as they were available. We have attached the updated legislative package with one new and one revised provision. The new provision "Repeal of Certain Reporting Requirements" Section 403, is aimed at reducing the reporting requirement burden on the IC. The second provision is a technical revision to Section 410, "Appropriation for Defense Intelligence Elements" which we have discussed with your staff.

Section 403 represents the Office of the Director of National Intelligence's efforts to reduce the burden that certain outdated or duplicative reporting requirements place on the IC while ensuring that the Congress continues to receive the information it requires. We look forward to working with the Congress to continue the process of transformation of the IC and ensure the enactment of this important legislation. Please contact the Office of Legislative Affairs, (703) 275-2473, for assistance with this or any other matter.

Sincerely,

Kathleen Turner
Director of Legislative Affairs
