

One Hundred Sixteenth Congress  
Committee on Homeland Security  
U.S. House of Representatives  
Washington, DC 20515

June 2, 2020

The Honorable Chad Wolf  
Acting Secretary  
Department of Homeland Security  
Washington, DC 20520

The Honorable Christopher A. Wray  
Director  
Federal Bureau of Investigation  
Washington, DC 20535

Dear Acting Secretary Wolf and Director Wray:

As you know, in the wake of the recent killing of George Floyd in Minneapolis, Americans across the country have exercised their right under the First Amendment to express their opposition to the patterns of injustice and state violence against African Americans. Recent media reports<sup>1</sup> and statements by Minnesota state officials<sup>2</sup> have suggested that extremists, including far-right extremists and white supremacist extremists, have attempted to sow chaos and fuel unrest during these protests. Federal officials, including the Attorney General and President, have suggested that far-left extremists are involved.<sup>3</sup> On May 31, after repeatedly blaming violence in the ongoing protests on far-left extremists, President Trump tweeted: “The United States of America will be designating ANTIFA as a Terrorist Organization.”<sup>4</sup> The same day, the National Security Adviser, Robert O’Brien, called on the Federal Bureau of Investigation (FBI) to conduct surveillance of Antifa and prosecute its members.<sup>5</sup>

We have serious concerns about the Constitutional implications of several of these statements. We also seek to understand the truth and evidence behind reports of extremist involvement in protests and how the Department of Homeland Security (DHS) and the FBI are responding to these issues while ensuring that Americans’ civil rights and civil liberties are protected.
