DNI Releases Budget Figure for 2016 National Intelligence Program

Consistent with 50 U.S.C. 3306(b), the Director of National Intelligence is disclosing to the public, not later than 30 days after the end of the fiscal year, the aggregate amount of funds appropriated by Congress to the National Intelligence Program for Fiscal Year 2016.

The aggregate amount appropriated to the NIP for Fiscal Year 2016 was \$53.0 billion, which includes funding to support overseas contingency operations.

Any and all subsidiary information concerning the NIP budget, whether the information concerns particular intelligence agencies or particular intelligence programs, will not be disclosed. Beyond the disclosure of the NIP top-line figure, there will be no other disclosures of currently classified NIP budget information because such disclosures could harm national security. The only exceptions to the foregoing are for unclassified appropriations, primarily for the Community Management Account.
