National Security Study Memorandum 130

TO: The Secretary of State
 The Secretary of Defense
 The Director, Central Intelligence

SUBJECT: Cyprus Planning

The President has directed a review of our policy toward Cyprus in the light of recent changes in the situation. A paper should be prepared under the NSCIG/NEA which would explicitly address:

- likely developments in the situation with which the U.S. may be confronted;
- the effects of those developments on U.S. interests;
and
- the options open to the U.S. in each possible situation.

This should be submitted to the Senior Review Group by July 2, 1971
